VOL. NO. 6

LOMOND, ALBERTA, FRIDAY, SEPT. 10. 1920

\$1.00 PER YEAR.

## Freight Rates Go Up on Monday

OTTAWA, Sept. 8.—By virtue of a judgment which will be issued from the offices of the Board of Railway Commissioners late on Tuesday, railway companies in Canada are granting an increase of 40 per cent in Eastern Canada freight rates, and 35 per cent in western freight rates, effective on Monday next, Sept. 13, and to continue in force until Dec. 31.

After Dec. 31, the increase in the freight rates in Eastern Canada is reduced from 40 per cent. to 35 per cent., and in Western Canada from 35 to 30 per cent. This increase is applicable to all freight commodities with the exception of those which are expressly stipulated in the judgment, and for which special provision is made.

### Passenger Rates Increase

Simultaneously with the increase in freight rates, passenger rates all over the country are advanced 20 per cent., so long as they do not exceed four cents a mile. This increase is effective only to Dec. 31. After that date, and for the six months' period from Jan. 1, 1921, to July 1, 1921, a 10 per cent. increase is authorized. Following July 1, passenger rates return to those in force at the present

time.

The judgment will authorize increases of 50 per cent. in sleeping and parlor car rates, and an increase of 20 per cent. in the rate on excess baggage.

### Summary of Judgment

A summary of the judgment which has been handed down by the railway commission in the application of all Canadian railways for increased rates was given out this evening by the chief commissioner, Hon. F. B. Carvell.

The chief commissioner stated that during the hearing, which opened on August 10, and continued for nearly two weeks, a tremendous mass of documents had been submitted.

The work of going through this evidence had been a very large one. The judgment will refuse to authorize any increase in the rates on sand, gravel and crushed stone, and incidental services, such as switching, milling in transit, diversions, re-consignment, stop-overs, demurrage, weighing, etc., but provision is made for special applications in any or all of these services.

No increase is authorized in the rates of milk or commutation fares, nor in the minimum class rate scale, or the minimum charge for shipment.

### Coal Also Included

Authorization is given for an increase in the freight rate on coal

No Sale Too Large, No Sale Too Small! If contemplating the holding of an auction sale just phone or write me at---

TRIVERS, Alberta

from 10 to 20 cents per ton flat rate, according to distance. When the freight rate is under 80 cents per ton an increase of ten cents is allowed. When it is over 80 cents, and under \$1.50, the increase authorized is 15 cents, and when the rate is over \$1.50 the increase will be 20 cents per ton. The rate on cordwood, slabs, mill-refuse, etc., for fuel purposes, is increased 10 per cent.

A. Webster and family were down from Bassano over the holiday being the guests of Mr. and Mrs. T. Mullen.

### AN IRISH KAISER

And now that the war is over  
You can take a tip from me,  
There'll be no German submarines  
A diving through the sea,  
For the fatherland of Kaiser Bill  
Who got so badly licked,  
Now needs a brand new Kaiser,  
And the same should be a mick.

We'll change the song, Die Wacht  
am Rhein

Into an Irish Reel,  
And Ach Du Lieber Augustin  
Will lose his Ausgespielt,  
And the police force of Berlin  
Will be micks from county Clare,  
Who'll elect an Irish Kaiser  
For the palace over there.

We'll have no balloons or aeroplanes,  
But we'll ride an Irish shay,  
And the Stein Beer gardens  
Will all be closed on St. Patrick's Day,  
And on that day each German,  
Should learn to be a mick,  
And march to the tune of Irish pipes  
And sport a black thorn stick.

Sure in every German park way  
You'll see the sweet colleen,  
And the fields of waving sauerkraut  
We'll plant to Shamrock green.  
No liverwurst or sausages  
When the Dutchman drinks his suds  
He'll get corn beef and cabbage  
And good old Irish spuds.

Sure the heathens guns and gas bombs  
We'll through them all away,  
Instead we'll use shillalahs  
Or bricks of Irish clay.  
We'll confiscate iron crosses,  
Sure its shamrocks they will wear,  
When the police and Irish Kaiser  
Rule the palace over there.

### School Opened Tuesday

The Lomond Consolidated Schools opened Tuesday morning with an initial enrolment of 84, seventeen in the senior room, thirty-three in the intermediate room and thirty-four in the primary room. Miss Kerr arrived back from her holiday trip to Ontario in good time and the new members of the staff were in their respective places. The board is having erected a division fence on the playgrounds and several teeters, swings, etc., have been constructed for the amusement of the pupils.

## LOCALETS

The Harry Lynk family have been under quarantine with scarlet fever.

o o o

R. W. Miller, formerly in the employ of the Associated Farmers Ltd. died a few days ago near Chicago. Deceased had gotten three fingers cut off while operating a power-driven saw in a wood-working plant, and before the wounds healed blood poisoning set in with fatal results in spite of the efforts of such reputed physicians as Dr. Wm. E. O'Neil of Evanston, Ill., Dr. Proxmire of Lake Forest, Ill., and Dr. Jarman of Blairsburg, Iowa.

o o o

THE PRESS published an advertisement some weeks ago concerning some unfortunate domestic relations of a family which recently moved to the vicinity of Armada, and a number of unheeding readers connected the same with a pioneer family of a similar name. The circumstance has created considerable embarrassment and we would discourage the spread of such erroneous impressions.

o o o

The committee in charge desires to publicly acknowledge the following donations toward a fund to be used in defraying expenses incurred in the care of Mr. E. C. Lacquement, who recently sustained such serious injuries while operating his threshing machine:—  
Wm. Damery \$5.00, M. Armstrong 5.00, L. H. Phillips 5.00, John Holo 5.00, J. H. Williamson 5.00, W. H. Smith 5.00, H. F. Burue 5.00, O. Baker 5.00, J. R. McKay 5.00, Andrew W. Tulloch 5.00, Jaig How 1.00, J. de H. Hardwick 5.00, J. C. Jensen 1.00, O. Young 1.00, F. O. Cox 2.00, T. A. Kennedy 5.00, Chas. H. Geyer 2.00, F. Vickers 5.00, Frank Brown 5.00, J. I. Ricketts 1.00, Robt. Plunkett .50, W. B. Manning 5.00, J. McLean 1.00, (unsigned) 1.00, F. Connolly 1.00, Quon Kee 1.00, Elliott, Argue & Co. 5.00, J. . . . Clements 2.00, Jim Lee .25, O.C. Barber 1.00, N. Holden 2.00—total \$95.75.

o o o

Jack McKay is taking his syndicate machine up north of the lease for a run of threshing.

o o o

The public is again reminded of the P. C. Perkins auction sale which takes place on the Henry Rowe farm on Tuesday, Sept. 14th.

## LOCALS

H.E. Elves has fallen a victim to the lure of the new Fords, so he and W. A. Teskey drove up to Calgary on Thursday to take delivery of the new instrument.

Dan Palmer became another victim of the dangerous threshing machine on Thursday when he sustained painful injuries to his right arm by having it run through between the feeder drive chain and sprocket wheel.

The Lomond Boy Scouts are giving the first dance of the fall season in the I.O.O.F. Hall, Lomond, on Friday evening of next week, Sept. 17th. Good music will be provided and supper served. Admission to dance, couples \$1.25, individual adults 75c.

Mr. and Mrs. D. N. Phillips and two children, Miss Roberts and Allan Phillips, motored over from Foremost and spent last Sunday at the home of Mr. and Mrs. L. H. Phillips.

Mrs. Jack Paisley entertained at a tea on Thursday afternoon in honor of her mother, Mrs. McBain, who is visiting here from Ontario.

We are certain that the majority of The Press readers will be interested in an event which occurred in Calgary on Monday, when W. A. Macdonald, who conducted a law practice in Lomond a year or so ago, retired from the realms of bachelorhood and bowed himself to the bonds of matrimony. To be per-

fectly candid, we always thought Mac to be proof positive against the lure of the feminine, but it never seems safe to prophesy on love or the weather.

Born, near Lomond on Saturday, Sept. 3th., to Mr. and Mrs. Martin Leonard, a daughter.

Born, at Armada on Monday, Sept. 6th., to Mr. and Mrs. Geo. Brotherhood, a son.

What is supposed to have been the result of incendiary action on the part of some person with malignant intent happened on Tuesday night when the Seaman straw stack burned. The fire was noticed about nine-thirty by one of the neighbors, Harry Shade, who heroically labored in a successful attempt to save the adjoining granary which contained more than six hundred bushels of wheat. Shade was quite badly scorched about the face as the result of his experience.

John L. Base has been over from Vulcan for several days rounding up a number of bundle teams to start out with on his big threshing outfit. John L. threshed a pile of Lomond wheat in 1915 and we ate his grub for about sixty days ourselves.

Seamans have moved their threshing outfit to more fruitful fields across the valley.

Johnny Holo gratefully acknowledges the return of his wagon tongue, and at the same time advises some certain party against a repetition of such light fingered practices.

## Harvest Specials

We are arranging to give special values on bulk grocery orders on harvest and thresher supplies. If a careful business farmer this offer will surely appeal to you. The money you can save in this manner will mean just as much to you as the sale of so many more bushels of wheat. So, you see, town farming frequently does pay and pay you well.

LOMOND, ALBERTA, SEPT. 10, 1920

### NOTES

A little incident came before our bleary eyes the other day which serves to emphasize the necessity of keeping well informed as to fluctuations in the prices of common merchandise. A certain lady went into one of the Lomond stores to purchase a common article which until recently has been selling at 15c. The price asked and paid was 20c. Naturally the purchaser immediately sought to redress her wrong by referring to one of the popular mail order catalogues. Fortunately the article happened to be under a common trademark, so the comparison was easily and accurately made. The Winnipeg price was twenty-five cents. One has to do real shopping to take care of his dollars these days; but when one can save money by buying in Lomond it is worth while studying up the comparative values.

No doubt increased freight rates will be the immediate excuse of a general upward trend of prices. While this may now appear an unwarranted burden it will eventually re-act favorably to the people of Western Canada. Industrial re-organization will compel manufacturing industries to establish themselves in the western provinces. There was a time when labor, living and power could be purchased cheaper in the East than in the West. That day is done. Many of the raw materials are now easily available in the West. So, what is the use of doubling up on the transportation charges?

We in the West are a very wasteful people. Farming operations occupy our efforts for about six months of the time in each year. How the rest of the time is spent is governed largely by the results of that six months of labor. The variation runs from renewing notes to overhauling the Ford, and from shooting pool to taking trips to Honolulu. To be serious, the western man-power is non-productive for half the year. To gain and maintain a really independent position economically we must outgrow this han-

dicap and become less wasteful.

A good many people do not take us up very seriously when we advocate a more intelligent interest in the poultry industry and in the increased production of eggs. A full egg basket can trot rings around a monthly grocery account when it comes to the ethics of frugality. The other provinces in the dominion are fostering the poultry industry in a way similar to the work being done through the Alberta Department of Agriculture. We people are fools if we do not take advantage of this service. In spite of Canada's increased egg production the prices of eggs are steadily advancing.

While we sympathize with those who are again laboring under the misfortune of crop failure we extend no hand of fellowship to those quit the job now. We fully appreciate the country's shortcomings but we also believe that the sticker will eventually come out on

top with mortgages and notes paid and silk socks in his trunk. There is on record other districts which we might easily name which have fought thru' conditions fully as discouraging as ours and now time has obliterated all signs of those not-too-far-bygone days. Chances are there is a lot we could learn towards improving our methods of farming. Of course there is the possibility of irrigation to simplify some of the serious problems, but there must needs be an expenditure of a good deal of energy before we can look forward to any assistance from that source. Green pastures don't always stay green and it costs good hard cash to move these days.

## :: LOCALETS ::

Owing to the fact that complications of a serious nature had set in on Mr. Lacquement's badly injured leg it was thought advisable to remove him to the Lethbridge hospital for attendance and he was taken in by motor on Wednesday afternoon.

L. H. Phillips drove down to Retlaw on Wednesday afternoon on business matters.

Mr. and Mrs. R. H. Hughes and little daughter motored up to Calgary for over the holiday. Mr. Forster has been tending store for a few days.

Bob Cant pulled in on Tuesday from his little jaunt to the coast cities.

Mr. Temple arrived from Lamont on Wednesday to take up his new duties as manager of this branch of the Standard Bank.

Bert McFall and wife and family arrived home this week after spending sometime at Rochester, where Mr. McFall has been undergoing surgical treatment.

Mrs. W. J. Morgan of Belleville, Ont., who has been visiting at Lomond for a few weeks as the guest of Mrs. H. N. Hanna and Mrs. A. R. Hanna, left on Friday for Entrance, Alta., going via Edmonton. On Wednesday of last week Mrs. H. N. Hanna entertained a few ladies at tea in honor of her guest and likewise on Friday Mrs. A. R. Hanna entertained a number of friends at her farm home.

Mrs. Salter and Mrs. Baker entertained a number of ladies at a shower at the home of Mrs. Baker on Wednesday afternoon in honor of Mrs. C. W. Thompson. As the guest of honor was called out of town by the illness of her mother, Tommy gracefully received the carriage loaded with a miscellany of domestic linens from the hands of a Kewpee (little Lucille Brown). A very dainty luncheon was served by the hostesses.

A quiet wedding of interest to Lom-

### BAILIFF'S SALE

UNDER and by virtue of a Lien Agreement made by Wayne Oil & Pump Co. of Fort Wayne, Indiana, and McLean & Scott of Travers, Alta., and a Distress Warrant in writing, I have seized and I will offer for sale the following goods:-

- 1 5-barrel Gasoline Storage Tank.
- 1 Model Victor No. 282 Wayne Gasoline Pump, finish red.
- 1 D No. 37 Auto Oil Tank, capacity 1 barrel, gauge 1-gallon, finish black.

and people was solemnized in Calgary on Monday, Aug. 23rd., the parties in the coalition being the former principal of the consolidated school, Miss E. May Atkins, and M. J. Stanley, formerly manager of the Bank of Hamilton here. Mr. and Mrs. Stanley celebrated their honeymoon by taking a trip up the B. C. coast to Skagway, Alaska.

The Press has no details of the fatal accident that occurred on Wm. McIntyre's threshing outfit this week in which the separator man, Dobie by name, lost his life. Apparently the unfortunate man missed his footing when on top of the machine and as a result of the fall sustained a broken neck. It was the man's first day on the job.

Clarence Johnson is up from South Dakota taking care of his father, S. P. Johnson, who has recently been quite ill. Johnson holds the wrestling championship of South Dakota and Lomond's sporting element is very anxious to arrange a bout for him with the Alberta champion, Anderson, who resides at Vulcan, and an effort will be made to stage it there the night of the Vulcan fair. In 1919 Johnson participated in twenty-two bouts, winning the sum-total of the events and has been equally successful on the mat this year.

Sandy MacLeod was up from Taber over the holiday getting, the consolidated schools started up again.

The Ft. William price on wheat today is \$2.83 3-8.

Martin Hendrick, Bill Taylor and a foreigner from a ditch crew, are being arraigned at Travers as the result of one glorious drunk.

This country has gone simply crazy with the wind this last few days.

John T. Shortridge is up from Oregon looking after his interests in the Armada district.

# AULTMAN-TAYLOR

## The Big Tractor 30-60 with the Power for Big Jobs

HERE'S a tractor that has the rugged, brute strength for the biggest of power jobs. And with it, is combined unusual operation economy. This Aultman-Taylor 30-60 will practically never wear out. Put it to work on any job, farm or road, and watch results.

### The Ultimate Tractor for Road Work

Actual performance has shown that the Aultman-Taylor 30-60 will build more miles of road in a given time, build them better, at much less cost than any other power---and at a saving of fully 50% over horse labor.

The 30-60 is built big, with the power to do big jobs. Road building is one of them.

### Power farming is another. Come in and See Us

The larger farms are using the 30-60 with unequalled success to wade through farm power work---heavy plowing, discing, drilling jobs and the like---that horses simply cannot pull through. It has the pull or drive power to carry on through any job on the farm---belt or drawbar---without a stop.

Come in and see us if you are thinking tractor. We will be glad to talk over the question of whether the 30-60 or one of the two smaller sizes of Aultman-Taylor tractors, the 15-30 or the 22-45, will fit into your farm work plan economically.

J. H. WILLIAMSON

(2) DEALER LOMOND

# Fall and Winter :- 1920-'21

**WE ANNOUNCE WITH PRIDE** the opening of our fall and winter stocks of Clothing for Men. We have personally examined every article placed in stock, and each line was ordered only after careful comparison of the values offered by the leading manufacturers in each line. With such a system of investigation and comparison, backed by our eighteen years of experience and our affiliation with one of the largest distributors of men's wear in Eastern Canada, we say these values are not the result of chance buying, but of a proven system which guarantees to every customer the most for his money.

Pay us an early visit. If you appreciate real quality you'll enjoy looking these lines over.

We claim **EVERY ARTICLE** we offer, regardless of price, **IS A MONEY SAVER**, as as poor stuff was higher, away higher, according to value, than good stuff.

## FLANNEL SHIRTS

Men's military flannel shirts----do not confuse these with the scads of stuff being offered and called military flannel. We have seen cotton shirts, and cotton and shoddy shirts, and all kinds of stuff being called military flannel. Ours are big, roomy, well cut shirts and the same old real military flanne. Made in a variety of styles. Prices, \$3.25, 3.50, 3.95

## MACKINAW COATS

Here is another line we feature, and first, let us explain that the mackinaw is sold by weight and the weights run from 24 to 36 ounces per yard. Now, the slippery gentleman who tells you all about the fine pattern and this and that and the other thing that does not matter, and does not say a word about weights, has got something up his sleeve. Come and look over some of these.

Men's green checked, full belt, double breasted mackinaw, 26 oz. weight, 32 in. long, at - **\$7.25**

Men's plain brown, full belt, double breasted, large collar, half Norfolk style, 28 oz. weight, 33 in. long, being sold at **\$10.50**

Men's 32 oz. mackinaw--this is getting into the "real" stuff. Comes in seven beautiful patterns, the exceptionally close weave makes it as near wind and water proof as cloth can be made, extra large collar, full cut, double breasted and a dandy fitter, 34 and 35 inches long **\$14.50**

Plain grey and several shades of plain brown, 34 oz. cloth. There is only one firm in Canada making this weight mackinaw. These coats are full Norfolk, double breasted, large collars, 34 and 35 inches long, price only **\$14.75**

Men's 36 oz. mackinaw--here is a line extraordinary. The cloth sometimes runs a little over 36 oz. but is only guaranteed to 35 oz., comes in a number of beautiful patterns and has all the features of the better grades. Stores of the Frank Brown class are the only ones offering this line, and only a store operating with our small expense could sell it at the price **\$17.50**

## UNDERWEAR

Our stocks of underwear are not complete, but will be shortly as most of our goods are on the way. We have just passed into stock some real good medium weight lines, and a line of of Penman's heavy all-wool elastic ribbed. This particular garment gives good satisfaction and we will sell it at a little less than formerly, shirts and drawers each **\$2.50**

Stocks of Stanfield's Kozy-Rib and Watson's will be complete in about ten days.

## MITTS AND GLOVES

We handle in our better lines only Clarke's famous Horsehide and Buckskin. All our lined gloves and mitts are guaranteed pure wool lining. If you have not noticed it take our tip—a glove or mitt with a cotton lining is not worth buying. It will get wet in a few minutes and never will get dry, while the wool mitt or wool-lined mitt will not take up the moisture. Wool lining is a feature you should insist upon in all lined gloves and mitts. We do, and pay a little more for it too.

Lined gloves and mitts from - **\$1.35 UP**

**WE CANNOT TELL YOU** all about our lines of Shoes, Shirts, Suits and Sox without putting out a catalogue, and that costs money, and costs raise prices—so there you are. Come and see. You can't compare our values without seeing the goods anyway.

### Plebescite Vote October 25th.

To those who are not acquainted with the different phases of the liquor plebescite to be taken in Alberta on October 25th, it might be stated that the result obtained will guide the government in the matter of interprovincial trade in booze. As things now stand any person at any time can send out of the province and get any number of one quart shipments he pleases, so it is hardly possible to enforce any prohibition measures. It is a farce but it is the result of one of the mistakes made in the drawing up of the constitution of the federation. If you have any respect for common justice you cannot help but vote against conditions as they are now.

On the other hand, many will argue that shutting off the interprovincial trade simply means opening up wider territory for the bootlegger and unscrupulous drug stores. Be that as it may, we have at least a constitutional chance to combat such lawlessness.

The United States navy does not even allow it to be prescribed for medical purposes to members of the force. Alberta might well adopt such a drastic measure.

Be sure your name is on the enumerator's list. H. E. Elvies has been appointed enumerator and the polling will be held in The Press office.

### Ford Company Making Movies

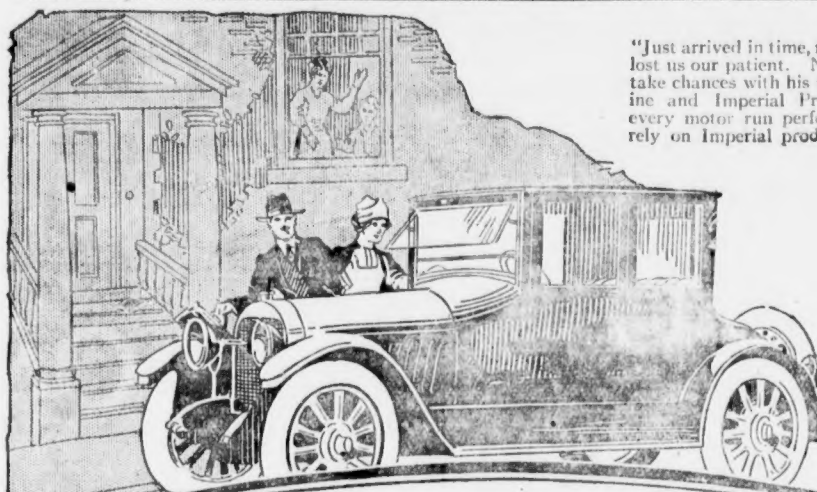

The Moving Picture Operators of the Ford Motor Company of Canada, Ltd., have just returned from an extensive tour of the Dominion.

Thousands of feet of interesting subjects, industrial, scenic, historical and scientific have been secured which will keep the laboratory men busy for months developing and assembling.

The itinerary of the operators took them from coast to coast, and into parts of the country seldom trod by the foot of man.

The educational value of the work done by the company through the medium of these films has received very favorable comment in the press of late and it was recently decided, owing to the gratifying reception given to these productions, to double the yearly output. The Company will, therefore, release 26 complete subjects a year.

One bushel of wheat pays a two year subscription.

### You Can Depend On It

**E**VERY drop of Imperial Polarine is 100% lubrication. It spreads a protecting cushion of oil between all wearing parts, making each part function smoothly and reducing wear to a minimum.

It has exactly the right body—forms a perfect piston-to-cylinder seal, maintains compression, conserves power and saves fuel. It does not break down or run thin under extreme heat.

Imperial Polarine burns clean, reduces carbon deposits to a minimum and assures long life, smooth running and reliability to your motor at all times, under all conditions.

There is an Imperial Polarine grade for every motor need, from crank shaft to differential. Consult the Imperial Polarine Chart of Recommendations for the correct grade to use in your car—it is on display wherever Imperial Polarine is sold.

Sold in one and four gallon sealed cans, steel kegs, half-barrels and barrels, by dealers everywhere in Canada. Buy in large containers and save money.

IMPERIAL POLARINE (Light medium body)    IMPERIAL POLARINE HEAVY (Medium heavy body)    IMPERIAL POLARINE A (Extra heavy body)
